The celebration of Arbor Day represents a priceless opportunity for kids and adults alike to take positive action to make their world a better place and to learn about trees and the environment. The first celebration of Arbor Day took place on April 10, 1872. Arbor Day is officially celebrated in the U.S. and Idaho on the last Friday in April (April 26th this year). However, communities may be celebrating on a different day due to climate and planting conditions in their area.

***This year help your city celebrate trees by celebrating Arbor Day and Planting Idaho!***
