BEFORE THE CITY COUNCIL FOR THE CITY OF ALBION, IDAHO

RESOLUTION NO. 2025-02

A RESOLUTION OF THE MAYOR AND CITY COUNCIL OF THE CITY OF ALBION, IDAHO INCREASING THE ELECTRICAL SERVICE RATE BY FIVE PERCENT (5%) PER KILOWATT HOUR AND SETTING AN EFFECTIVE DATE.

WHEREAS, the City of Albion purchases electricity from Bonneville Power Association (hereinafter "BPA"); and

WHEREAS, the Mayor and City Council have reviewed current electric rates, current City finances and electrical system maintenance costs as well as information from BPA; and

WHEREAS, Albion City Code, at Section 4-5-4(B)(2) provides that electrical service rates will be established by resolution of the City Council; and

WHEREAS, the Mayor and City Council have determined that it is reasonable and appropriate to increase customer electrical service rates which are presently \$0.0866 per kWh, by five percent (5%) to a new rate of \$0.0909 per kWh, to offset part of the costs to the City for electric power costs and electrical system maintenance costs.

WHEREAS, Idaho Code Section 63-1311 provides that fees are to be reasonably related to, but shall not exceed, the actual cost of the service being rendered; and

WHEREAS, Idaho Code Section 63-1311A provides that only fee increases that are in excess of five percent (5%) of the fee last collected must first hold a public hearing; and

WHEREAS, the Mayor and City Council have determined that the proposed fee increase is reasonably related to, and does not exceed, the cost of providing electricity in the City of Albion, and as well does not exceed five percent (5%) of amount last collected.

NOW THEREFORE, BE IT RESOLVED by the Mayor and City Council of the City of Albion that the "per kilowatt hour" rate shall be increased by five percent (5%) to the rate of \$0.0909 per kilowatt hour.

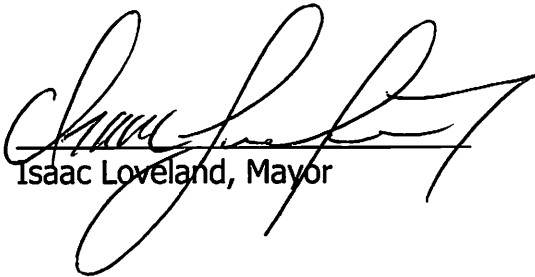

Approved and Passed by the Albion City Council this 6th day of May, 2025, by the following vote:
